ENGLISH

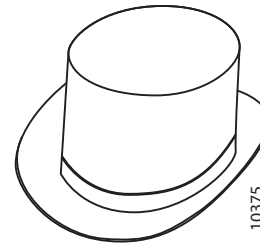

The assembly should be carried out only by those interested in enjoying themselves, due to the fact that building FRÖSKII while in a bad mood could create an evil snow demon that will try to take over the world.
NOTE! This product is not guaranteed to withstand fire, assault, or even a warm afternoon. This information may be useful if you do accidentally create a snow demon that needs to be defeated before its plans of world conquest come to fruition.

EL-SPANISH-O

El assembly-o shouldo be carried out only por those el interesido en enjoying themselves, due-o al el facto that contruto FRÖSKII while in el mal mood could create el evil snow diablo that will... you know what? I give up. It's a freaking snowman, you don't really need any warning labels. Especially if you speak Spanish. Is there even any snow in Mexico?
